## **DETAILED ACTION**

### **Examiner's Amendment.**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Copies of the following Foreign Patent Documents are missing. Please submit for considering:

- Korean Application No. 2003-34500

**Cancel claims 19-36.**

### **Reason for allowance**

The following is an examiner's statement of reason for allowance: None of the references of record teaches or suggests the claimed Scalable Two Transistor Memory Devices and Methods of Fabrication Therefor having:

- a third gate insulator on a second portion of the substrate adjacent the tunnel junction barrier, a gate electrode on the second gate insulator and the third gate insulator, and first and second impurity-doped regions in the

substrate coupled by a channel through the first and second portions of the substrate.

- A second planar transistor having a second channel in the substrate disposed adjacent to the first planar transistor and transverse to the channel of the tunnel junction barrier transistor and having a gate electrode electrically coupled to the gate electrode of the tunnel junction barrier transistor.
- A gate electrode on a sidewall of the multi-layered structure and on the semiconductor substrate outside of the multi-layered structure; and an impurity-doped region in the semiconductor substrate outside of the gate electrode.

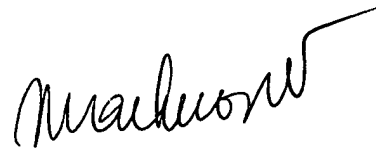

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
